**RESPONSE TO RESTRICTION REQUIREMENT**

Mail Stop Amendment  
P.O. Box 1450  
Alexandria, VA 22313-1450

This is in response to the Office Action dated April 13, 2006, in which a two-way restriction requirement was presented under 35 U.S.C. §121 and §372. Applicants elect Group I, namely claims 1-36. Applicants respectfully traverse the restriction requirement on the grounds that all of the claims relate to a single inventive concept or technical feature, namely the compounds of Formula (I). Claims 1-12 cover compounds of Formula (I); claims 13-36 cover compositions containing these compounds; claims 37-60 cover methods of using these compounds and compositions containing these compounds. A complete search of any group would involve a search of all the groups. Additionally, this national stage application contains only claims to a product of Formula (I) (claims 1-36) and a process or method of use of said product (claims 37-60). Therefore, all claims have been made to related inventions constituting a single inventive concept or technical feature, namely the compounds of Formula (I).
